

Currently we are shipping, in our estimation, the best humanitarian relief food made in the world to the Philippines. It is a complete meal casserole consisting of rice, soy, dried vegetables and packed with 20 vitamins and minerals for starving children. In addition, we ship two different life saving potato based infant meals also donated from [Feed My Starving Children](#) to reverse moderate and severe cases of malnutrition in children, infants, pregnant mothers, lactating mothers, TB patients and starving senior citizens. Risen Savior Missions is an interfaith Christian charity. A hungry little child does not know what faith they are, they just know they are starving.

So far, RSM has shipped enough food into the Philippines to reverse malnutrition in over a million children. Risen Savior Missions has shipped 83 million meals over the last 12 years to the Philippines. Through our 1,500 holistic feeding sites, we have reversed malnutrition in more than one million children, and our emergency disaster-relief food shipments have saved another quarter of a million children.

Because of our successful holistic feeding programs approach and all of our dedicated professionals in c
